Event: Tree plantation drive under Van Mahautsav

Department : Political science, Fashion design and History

Venue : IT lawn

Timing : 11 AM

Date : 18th July, 2022 (Monday)

Teachers : 4 DrGurjot, DrHarpreet , Ms. AshimaSahni&DrIqbal Singh

Student Participants: 12

Activity Report

Vanmahaustav is an annual event celebrated in the last week of July to august for a month-long. Under this event Tree plantation drive was inaugurated on 18th of July and chief guest was PCS officer Mrs. NeelamMahey. This event was joint venture of rotary club of Jalandhar. Several initiatives like tree plantation, waste management, pledge for eco- friendly celebrations of all the upcoming events especially van Mahotsav, recycling waste etc. was under taken. Special talk was conducted to train students and staff members for green audit

Principal Prof. Atima Sharma Dwivedi averred that keeping the environment clean and green should be the responsibility of each individual. She further maintained that some small gestures like throwing the wrappers in the dustbin and reducing the use of poly bags can be a substantial step in this direction. It is pertinent to mention that tree plantation drives are a regular feature here at KMV as KMV always sensitize the students on environmental issues.

Principal Prof. Atima Sharma Dwivedi lauded the efforts of Dr. Gurjot, Mrs Ashima Sahni & Dr Harpreet Kaur for successfully organizing the plantation drive. Dr Madhumeet, Head, PG Department of English, Rtn. Nupur Sandhu, President, Rotary Club, Jalandhar, Rtn Ravi Sandhu, Rtn Puneet, Dr Neeraj Maini, Dr Rajan Sharma, Dr Anshu Jain, Dr Monica & Mrs. Suman Khurana were also present on the occasion.

ACTIVITY 2

KANYA MAHA VIDYALAYA JALANDHAR (Autonomous)

P.G. Department of Botany

Date of program: 16th September 2022

2. Title Theme of the Program: Innovation in Plant Propagation in Botanical Garden

3. Program for the benefit of: Students of B.Sc. (Medical) and M.Sc. Botany

4. Total no. of participants: 30

5. Venue of the program: Botanical Garden

P.G. Department of Botany of Kanya Maha Vidyalaya organized Innovation in Vegetative propagation activity in Botanical Garden. The aim of this event was to motivate students to plant more and more trees through innovative methods. The vegetative parts of a plant like leaf, stem, root or their modified forms are used for propagation. Student gets hands on training for this mode of propagation. Students actively participated in this activity. Plants like Ruscus, Tredescantia, Hibiscus, Philodendron, Lily were propagated using this technique of plant propagation. The main advantage of vegetative propagation methods is that the new plants contain the genetic material of only one parent, so they are essentially clones of the parent plant. Students from the department participated in these activities with full zeal and enthusiasm. It was a good learning experience for all of them. Principal Ma'am interacted with the students and she praises the students for their efforts and motivated them to keep doing such activities in future.

Activity 4

KANYA MAHA VIDYALAYA JALANDHAR (Autonomous)

P.G. Department of Botany

1. Date of program: 20th September 2022
2. Title/Theme of the Program: World Environmental Health Day
3. Program for the benefit of: Students of B.Sc. (Medical) and M.Sc. Botany
4. Total no. of participants: 60
5. Venue of the program: Smart Room (R-58)

World Environmental day is celebrated on 26th September every year to promote the awareness of different issues surrounding the environmental health. To sensitize students about this current issue P.G. Department of Botany of Kanya Maha Vidyalaya, Jalandhar celebrated world Environmental Health Day by organizing various activities like Quiz competition, Poster presentation competition, slogan writing competition, poem writing competition and nature through lens (Photography competition). Students from M.Sc. Botany and B.Sc. medical participated in the event. M.Sc. Botany Sem. III student Muskaan Sharma gave introductory speech on World Environmental health Day. For Quiz competition 30 students were registered for screening. After screening 16 students were shortlisted. Four teams A, B, C and D with four students each were formed from shortlisted students. There were three rounds in quiz. In first and second round each team was given five questions each and third round was the buzzer round. Team D was the winner team with Team B as first runner up and Team C as second runner up. In nature through lens (photography) more than hundred entries were submitted. In poster making, slogan writing and poem writing more than thirty entries were there in competition. Principal Ma'am interacted with the students and she praises the students for their efforts and motivated them to keep doing such activities in future.

Result of WORLD ENVIRONMENTAL HEALTH DAY Activities:

1. Quiz competition:

Winner: Team D

1. Amita M.Sc. Botany Sem. III
2. Saba Salaria M.Sc. Botany Sem. III
3. Shreya B.Sc. Medical Sem. V
4. Akriti B.Sc. Medical Sem. III

First Runner Up: Team B 1. Deepika M.Sc. Botany Sem. III

2. Mala Thakur M.Sc. Botany Sem. III
3. Diya M.Sc. Botany Sem. III
4. Neha B.Sc. Medical Sem. V

Second Runner Up: Team C 1. Muskaan Sharma M.Sc. Botany Sem. III

2. Shaweta M.Sc. Botany Sem. III
3. Ishrat M.Sc. Botany Sem. III
4. Lovepreet B.Sc. Medical Sem. III

PRESS NOTE

Tree Plantation Programme

A tree plantation Programme was organised by P.G. Department of Chemistry, Kanya Maha Vidyalaya (The Heritage and Autonomous Institution), Jalandhar at Government Senior Secondary School, Lamba pind, Jalandhar on 12th April, 2023 to create an awareness regarding climate change and its adverse effects on trees. Under the guidance of Head PG Department of Chemistry, Dr. Manju Sahni, a team of 15 students accompanied by Dr. Shikha went to the school. The Principal, staff members and students of the school welcomed the team and the event started with interaction of team members with the school students to aware them about the role of trees in our life and encouraged the students to plant more trees and take care of their plantation thereafter. A range of 100 plants were planted in the school garden and periphery of the school playground to create awareness about saving trees. Our college team pledged there to plant as many trees as possible near our areas so to create a very healthy environment and contribute in minimizing the climate change. The principal and staff of the Government Senior Secondary School greatly appreciated the efforts taken by our students and assured to always welcome us for visiting and organising such social activities in their campus in future also. At the end Dr. Shikha thanked the school principal and staff members for showing their keen interest in this activity. Principal Prof. (Dr.) Atima Sharma Dwivedi congratulated the faculty of Chemistry Department for successfully organising this tree plantation programme and mentioned that all students must be connected with such awareness programmes which are the key factors for the development of the society and environment.

Activity 8

PG Department of Mathematics

Celebration of Earth day on

22nd April, 2023

Event Organised:

- NukkadNatak on Swachh Bharat Abhiyan
- How to prepare Compost from the waste kitchen ingredients

Earth Day PG Department of Mathematics, KMV Jalandhar performed an Environmental day activity. Under this activity dept. celebrated Earth day with full zeal and enthusiasm. The main aim was to raise awareness of the need to protect earth's natural resources for future generations. Students of B.Sc(Hons.) Mathematics sem-IV performed a NukkadNatak on Swachh Bharat Abhiyan in the college premises. The motive of this NukkadNatak was to make India an open defecation free country in 5 years. They beautifully displayed and depicted the importance of cleanliness on Streets, Roads, Offices, Schools and Colleges. It also targeted raising public awareness regarding the proper disposal of garbage. The students of M.Sc (Mathematics) sem-II Ankita and Muskan demonstrated the utilisation of Kitchen waste for preparing compost at home to build healthier soil, prevent soil erosion, conserve water, improve plant growth in garden and yard. 19 students participated in this event and more than 30 students were the target audience.
