Assessment Sheet I

DATE : 19/09/2022 FACULTY : Vocational studies
NAME : Nandini Sharma
CLASS : BSc. fD Sem-T ROLL NO. : 223020
SUBJECTS : foundation course

1. What does 'BEING A HUMAN' mean to you?

Being a human is a matter of perspective. To being a human means to love unconditionally, regardless of race, gender, religion, sexuality it doesn't matter. We all bleed the same colour. Life is too short to be miserable. What I mean by this is ignore all the doomers and crappy news. Never stop learning. You'll never learn it all but you don't ever have to stop enriching your mind. The more you enrich your brain the more you enrich your life.

"BEING A HUMAN IS GIVEN BUT KEEPING OUR HUMANITY IS A CHOICE"

2. What, according to you is, the most momentous incident in human history ?

Industrial revolution, in modern history, the process of change from an agrarian and handicraft economy to one dominated by industry and machine manufacturing. These technological changes introduced novel ways of working and living and fundamentally transformed society. This process is begin in Britain in the 18th century and from there spread to other parts of the world. Although used earlier by French writers the term Industrial Revolution was first popularized by the English economic historian Arnold Toynbee (1852-83) to describe Britain's economic development from 1760 to 1840. This explains why some areas, such as India and China, did not begin their first Industrial revolution.
