7.1.3 (SSR) ZERO Bio-Medical Waste

KMV boarding house, popularly called as, 'Kanya Ashram', is situated within the precincts of the college. The hostel building consists of four hostel wings- Savitri Bhawan, Rai Bahadur Badri das Hostel, Saraswati Bhawan and New Hostel. The hostel has a provision of accommodation for about 800 girl students. Special medical facilities are provided to the students at all hours through a resident nurse. A provision has been made for a daily doctor-in-attendance and for consultation. In case of minor or major ailment, the resident is referred to a specialist at Kamal Hospital (situated near the college) and parents are informed accordingly. Hence the health care facilities provided at KMV's hostel (dispensary) do not produce the so-called hazardous or special medical waste like genotoxic waste, cytotoxic substances or radioactive material, Sharps Waste entailing risk of injury, Waste entailing risk of contamination, Anatomical waste, Infectious waste etc.
