

Expert Exposure

Expert scholars, performers and professional are invited to the college from time to time to hone the skills of the students and give them expert advise related to different fields of performing arts like music, theatre, dance, painting and sculpture. This year the Department of Fine Arts organised a Workshop on Painting on March 16, 2022.

Department Discourse

The Department of ECA at KMV strives to excel in striking a balance between syllabus, curriculum, books and co-curricular activities beyond them, envisioning to enhance the complete personality of the students too strongly. The Department charts Annual Programme Planner every year and finalises various projects to be undertaken. Students participate in many cultural programmes, competitions, Zonal, Inter-Zonal, North Zone and Intervarsity Youth Festivals. These activities positively impact students' emotional, intellectual, social and inter-personal development. They encourage interactions that are essential for building a strong civil society. Primarily, the intention is to make the 'scholar' students become fit and ready for the challenges in future life.
