

6.3.3 Details of professional development / administrative training programmes organized by the Institution for teaching and non-teaching staff during the year.

1. KMV successfully commences a Two- Day National Conference on Implementation of NEP-2020 and Role of Scientific & Technical Terminology. Acclaimed scholars from all over India graces the occasion

On 29-11-2022.Conference organized in collaboration with Commission for Scientific and Technical Terminology, Ministry of Education, Government of India, New Delhi

Kanya Maha Vidyalaya (Autonomous) organized a Two- Day National Conference on Implementation of NEP- 2020 and Role of Scientific & Technical Terminology in collaboration with Commission for Scientific and Technical Terminology, Ministry of Education, Government of India, New Delhi. Acclaimed scholars along with the delegates and paper presenters from different states of India participated in this conference. Mr Alok Sondhi, General Secretary, KMV Managing Committee was the Chief Guest for the occasion. The conference was inaugurated with the traditional lamp lighting by the dignitaries. Principal Prof. Dr. Atima Sharma Dwivedi in her welcome address hailed the New Education Policy as an instrument for social upliftment and strengthening of Indian Economy. She further maintained that KMV has already implemented many changes recommended in the policy since 2009. Prof. G.N. Jha, Chairman, Commission for Scientific and Technical Terminology, outlined the duties and work of commission and its achievements which left the audience struck with the volume of work that has been done since 2020. Mr Alok Sondhi in his address congratulated & gave his best wishes to the organisers. He said that KMV is an institution that works as a leader for the other institutions. The first speaker for the first Technical Session of the day was Major General Dr. GG Dwivedi, SM, VSM & BAR (Retd.), Professor, Strategy- International Relations & Management Studies, Founder Chair, Aligarh Muslim University. Dr. GG Dwivedi in his address spoke on the Critical Role of Educators in Implementation of New Education Policy. In his address he spoke on the role of teachers in Nation's development. He told that we are living in an era of disruption where change is inevitable. He also shed light on Disruptive Innovation in Education where he laid emphasis on the fact that one should readily adapt to the changes happening around them in order to be more innovative. He also made a detailed comparative analysis of creative thinking and critical thinking. The second speaker for the day was Dr. Ashutosh Angiras, SD College, Ambala Cantt. The topic of his talk was Sanskrit Shaastriya Critique of Scientific & Technical Terminology in Quality & Innovative Research in New Education Policy. He spoke on the relevance of Indian knowledge system and also shed light on how we need to redefine certain terminology related to science and technology. The last speaker for the first technical session was Dr C.P. Pokharna, SRKP Government PG College, Kishangarh, Rajasthan. He spoke on the topic of NEP-2020 and Environmental Education: Role of Scientific & Technological Terminology. He spoke on the serious issue of

environmental conservation and how much important environment education is for the society. The first speaker for the second technical session was Dr. Kunwar Rajeev, DAV College, Jalandhar. The topic of his talk was Memorising Scientific Terminology. He spoke on the concentration power of mind and how one can train his mind in order to develop a sharp memory. The last speaker of the day was Dr. Vinod Kumar, LPU. The topic of his talk was National Education Policy and Scientific Technology Translation. Prof. Dwivedi adumbrated that KMV from time to time keeps on organizing various international & national conferences & conclaves. Madam Principal lauded the efforts of the whole organizing committee and hoped that this conference will spread awareness about the New Education Policy in the education sector. Er. JS Rawat, Assistant Director, Commission for Scientific and Technical Terminology was also present on the occasion.

KMV successfully concludes a Two- Day National Conference in collaboration with Commission for Scientific and Technical Terminology, Government of India on Implementation of NEP- 2020 and Role of Scientific & Technical Terminology

Acclaimed scholars from all over India appreciate the initiatives of KMV to provide New Age Progressive Education in sync with New Education Policy 30-11-2022

Kanya Maha Vidyalaya (Autonomous) successfully concluded a Two- Day National Conference on Implementation of NEP- 2020 and Role of Scientific & Technical Terminology in collaboration with

Commission for Scientific and Technical Terminology, Ministry of Education, Government of India, New Delhi. Acclaimed scholars along with the delegates and paper presenters from different states of India participated in this conference. The second day of this conference commenced with the third Technical Session. The first speaker of the day was Prof. Dr. Atima Sharma Dwivedi, Principal, KMV. The topic of her talk was New Education Policy in KMV: A Case Study. During her address, Prof. Dwivedi talked about the pioneer initiatives that has been introduced by KMV in sync with the New Education Policy. She highlighted the initiatives such as Introduction of Credit System in all Post Graduate courses & Interdisciplinary Programmes introduced at KMV for the overall development of the students,. She also laid much emphasis on Skill based education provided at KMV and averred that KMV is the first college in Guru Nanak Dev University, Amritsar to be granted with DDU Kaushal Kendra by Government of India. She further maintained that the reforms and new initiatives mentioned in the New Education Policy has already been implemented in KMV much before, be it l the introduction of Value Added Courses, stating Programme Outcomes & Course Outcomes, introducing multiple exit points in a degree & providing professional skills in the curriculum of the course in order to work towards the holistic development of the students etc. Prof. Dwivedi also shed light on various examination reforms introduced at KMV in order to make examination system more student friendly. The second speaker of the session was Prof. Lalitsen Sharma, University of Jammu. The topic of his talk was Study on balance between the context and accuracy of translated Computer Technical Terminology. He talked extensively about issues in translating scientific and technical terminology. He concluded by saying the context should be given priority while translating the technical terminology. The fourth technical session started with the paper presentation of different participants on New Education Policy and its various aspects. After the paper presentation, Valedictory session of the conference commenced in which Mr Dhruv Mittal, Treasurer, KMV Managing Committee was the Chief Guest. During the valedictory session, all the participants and delegates were provided with the certificates by the esteemed guests. It is pertinent to mention that this two day national conference witnessed the august presence of acclaimed luminaries namely Prof. GN Jha, Chairman, Commission for Scientific and Technical Terminology, Er JS Rawat, Assistant Director, & Officer in Charge of Conference, Prof. Brajesh Kumar Pandey, JNU, New Delhi, Major Gen. (Dr.) GG Dwivedi, Aligarh Muslim University, Prof. Dr. Atima Sharma Dwivedi, Principal, Kanya Maha Vidyalaya (Autonomous). Prof. Amita Pandey Bharadwaj, Shri Lal Bahadur Shastri National Sanskrit University, New Delhi, Dr CP. Pokharna, SRKP Government College, Kishangarh, Rajasthan, Prof. Lalitsen Sharma, University of Jammu, Dr Shubhnandan Singh Jamwal, University of Jammu, Dr Ashutosh Angiras, SDCollege, Ambala Cantt, Dr Kunwar Rajeev, DAV College, Jalandhar & Dr Vinod Kumar, LPU. All these scholars were highly appreciative of academic reforms down at KMV and lauded the initiatives introduced by KMV in providing New Age Progressive Education to the students. Madam Principal lauded the efforts of the whole organizing committee and hoped that this conference will spread awareness about the New Education Policy in the education sector.

2. KMV successfully concludes the Five Day International Faculty Development Program on Building Writing Skills

400 participants from all over India participate in this Faculty Development Programme 23-12-2022

Kanya Maha Vidyalaya (Autonomous) successfully concluded the five-day International Faculty Development Program on Building Writing Skills. The faculty development program was organised by PG Department of English. The valedictory session of the event was attended by more than 400 participants from various educational institutions across the country. Principal Prof. Atima Sharma Dwivedi stressed on the need of upgradation in the field of teaching in the current era and described this program as very effective in this direction. She averred that during this faculty development program,

theoretical modules, practical training and task assignments were assigned to the participants so as to provide them with knowledge according to different types of writing. Dr. Naeema Hann, Senior Consultant, Leeds Beckett University, U.K., addressing the program explained in detail the importance of proper usage of grammar along with proper vocabulary of language in any writing. She shed light on the proper usage of tense in the language and also shared various online resources such as SAGE open, British Council Learn English and International Association of Teachers of English as a Foreign Language (IATEFL) from where the participants can acquire more knowledge and information about language learning. Dr. Hann was also very much appreciative of KMV for organising these kind of brilliant programs in order to facilitate the process of knowledge exchange. During this faculty development program, the participants also shared their creative writings in the form of poems and stories with each other. The participants also shared their valuable feedback for the program and also asked their various queries from Dr Hann. During the valedictory session, participants were also given certificates for their participation in this five day Faculty Development Program. Principal Prof. Atima Sharma Dwivedi, while expressing her gratitude to Dr. Naeema for providing important information on the subject, also appreciated the participants for their active participation in this program. She averred that KMV from time to time keeps on organising such kind of international programs for the multiple exposure and holistic development of its faculty members. Madam Principal lauded the efforts of Dr Madhumeet, Head, PG Department of English, Dr Shalini Gulati and the whole organising committee for successfully organising the program.

3. International Workshop on glass preparation in lieu of celebrations of Glass year 2023

1. Date of program: 23/7/2022
2. Title/Theme of the Program: International Workshop on glass preparation in lieu of celebrations of Glass year 2023
3. Program for the benefit of: To introduce glass preparation techniques to the students.
4. Objective: Motivate students to pursue research in Physics and Material Science
5. Total no. of participants: 6 faculty members
6. Venue of the program: Physics lab, Kanya Maha Vidyalaya

Discovering and developing newer and better ways for women empowerment and evolving a better society is a routine effort at KMV- The Heritage Institution. P.G. Department of Physics organized a workshop on glass preparation by Dr. Ashutosh Goel. Dr Goel is Associate Professor in Department of Materials Science and Engineering, Rutgers, The State University of New Jersey and is actively

working in the field of glasses. During the workshop Dr. Goel explained the students about the principles of glass melting and finally glass formation. He explained the students about the eutectic and phase diagrams followed by glass forming as well as crystalline region. He also prepared glass samples with the students. Dr. Gopi Sharma of Physics department, Kanya Maha Vidyalaya is in collaboration with Dr. Goel since 2009 and are currently working on the radioactive waste disposal by turning nuclear waste into glasses. During his visit, he also interacted with the M.Sc. Physics students. He explained them about different research opportunities and encouraged them to do research in the field of Material Science. Principal Prof. (Dr.) Atima Sharma Dwivedi greeted him and applauded P.G. Department of Physics for organizing such meaningful workshop cum interactions.

के.एम.वी. द्वारा ग्लास प्रैपेरेशन पर एक अंतर्राष्ट्रीय वर्कशाप का आयोजन

वर्कशाप में शामिल हुए बतौर स्रोत वक्ता डॉ. आशुतोष गोयल एसोसिएट प्रोफ़ेसर का स्वागत प्लांटर भेंट कर करते हुए विद्यालय प्रिंसीपल प्रो. अतिमा शर्मा द्विवेदी। (संदीप)
