Subject: Permission to organise a Quiz Competition.

Respected Madam

With due respect, I wish to bring to your kind notice that the faculty of B.Voc. Artificial Intelligence and Data Science has planned to organise a Quiz Competition on Artificial Intelligence. It will be conducted on August 27, 2022.

Kindly give permission for the same.

Yours Sincerely

Dr. Pardeep Arora

Head, Department of Artificial Intelligence and Data Science

B.Voc. Artificial Intelligence and Data Science

REPORT

"Quiz Competition on Artificial Intelligence"

August 27,2022

The topic for quiz competition was "Artificial Intelligence" which was conducted by Ms. Simarpreet Kaur in Kanya Maha Vidyalaya, Jalandhar on August 27, 2022. The whole class of Bachelor of Vocation (Artificial Intelligence and Data Science) of strength 18 students was participated in the quiz competition. The topic for quiz competition was from the syllabus of their subject (Introduction to Artificial Intelligence and Data Science, Course Code: BVIL-1114). The whole class was divided into 3 teams named as TEAM-A, TEAM-B and TEAM-C.

HOW IT IS CONDUCTED?

A class of 18 students divided into 3 teams i.e., each team has 6 students, as mentioned above. The conductor asked 6 questions to each team, so that each students get chance to answer the questions. The question was asked by the conductor and each team had only 30 seconds to discuss about the answer and one of the students from team answer back. And if in case, team is not able to answer the question that question will pass to next team and if the able to answer they get additional marks. After all, 18 questions 1 bonus question was also there, so that losing team can get chance to improve their score.

WHAT STUDENTS LEARNED FROM IT?

During and after this activity students learn to speck smoothly and trying to overcome their speaking fear in front of others. Some work on their body language and felt motivated to participate in such activities in future. They improve their speaking skills, tone and pitch of speech. In this quiz competition, students get more clarity about the subject and they learn the concepts in a better way. And students who are less confident can improve their confidence by discussing and answering it. All students perform well in this Quiz competition and actively participated. This was very useful for students

BENEFITS OF QUIZ COMPETITION

- Students feel more confident to discuss related the topic
- Students can clear their doubts by self-reading or by listening to others about

• The easy chance to do well gives students a feeling of self-esteem • Students are provided with a real foundation for intellectual growth

Winners

First: TEAM-B

Second: TEAM-A

Third: TEAM-C

Activity Report

PowerPoint Presentation Competition on 'Use of Data Analytics in Improving Business Strategies'

August 23, 2022

OBJECTIVE: To make participants understand how data analytics is helpful in business growth and customers' feedback.

BENEFITS OF LEARNING: The participants were able to:

*Understand the concept of data analytics and why it is needed.

*Understand the process of analysing the data and usage of it in real world.

*Learn the concept of how we can grow our business or our services using data analytics.

The Faculty of B.Voc. Artificial Intelligence and Data Science organised a PowerPoint presentation competition on the topic 'Use of Data Analytics in Improving Business Strategies'. was conducted by Mr. Pradeep Arora (Head of B. Voc Artificial Intelligence and Data Science), Ms. Amandeep Kaur and Ms. Simarpreet Kaur in Kanya Maha Vidyalaya, Jalandhar on August 23, 2022. All participants gave PowerPoint presentations on the topic using various real life examples of thriving companies and businesses. They explained the concept of data analysis and business strategies and how they are combined in order to attain profit in start ups. One of the students highlighted the process of data analytics followed by Coca-Cola Company to increase their sales and market their product better. Another participant discussed that, Byju's- The Learning App, also uses data science algorithms to attract audience (parents or students) to join their platform for studying.

This was a knowledge packed session for the audience as well as the participants who were able to learn the whole concept in-depth. The event helped in making students aware of the technical concept of data analytics and how it can be useful in making better business decisions.

Total Students who attended the event :25

Student Participants- 10

Faculty Participants- 5

Star Faculty- Ms. Amandeep Kaur

Winners: First - Khushi Choudhary

Second – Jaskiran Kaur

Third – Vineet Kaur

Report on 'PPT Competition on Artificial Intelligence'
April 5, 2023

Faculty of B.Voc. Artificial Intelligence and Data Science organized an inter-class PowerPoint presentation competition on the topic Artificial Intelligence. All the students were assigned various topics related to Artificial Intelligence, Machine Learning, Data Science. This activity was a fun and interactive way to revise the syllabus completed so far and kindle their communication and presentation skills. Students prepared and presented with full zeal and enthusiasm. They discussed the applications, Pros and cons of AI. Students mainly highlighted the use of AI in daily life and discussed Problem solving using AI. Dr. Pardeep Arora was invited as a judge of the event. He appreciated the students for their hard work and dedication but also helped them in identifying the areas they lag in.
