The Principal
Kanya Maha Vidyalaya,
Jalandhar.

Subject: Request to organize educational cum excursion
trip to CSIR-IHBT, Palampur.

Respected Madam,

This is to bring to your kind notice that Department of Bio-Technology and PG Department of Botany are organizing an 'Educational cum Excursion Trip' to CSIR-IHBT, Palampur for two days that is on 04-11-2022 and 05-11-2022 collaboratively. There will be ~~40~~³¹ students, five faculty members and one lab attendant will accompany them. Kindly permit us for the above mentioned.

Thanking you,

Yours sincerely,

Nargud

(NARGEET)

List of faculty members

1. Mrs. Nargud (Bio-Technology)
2. Dr. Sandeep Kaur (Botany)
3. Dr. Sandeep Singh (Botany)
4. Ms. Lokha Khasla (Bio-Technology)
5. Ms. Princy (Bio-Technology)

Lab attendant

1. Mr. Ravi Kumar (Bio-Technology)

Event: Educational cum Excursion visit

Venue: CSIR- Institute of Himalayan Bioresource and Technology, Palampur, Himachal Pradesh

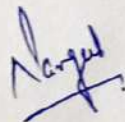

Date: 04-11-2022 to 05-11-2022

No. of Student Participants: 31

No. of Faculty Participants: 05

Department of Bio-Technology organized an 'Educational-cum-excursion trip' to Palampur in collaboration with PG Department of Botany. On day one students visited CSIR-Institute of Himalayan Bioresource and Technology, Palampur. Mr. Sahil, a scholar and Dr. Vandana Jaiswal, Scientist, Molecular Fingerprinting and QTL mapping accompanied students and explained everything about the institute during the whole visit. At the start students visited Bamboo house where they learnt about different products of the institute including essential oils from Rose, Lavender, Cedar oil, Tea wine, herbal and black tea, different edible products like protein mix, nutri bar, bamboo charcoal, cow dung paper, bamboo fibers, bamboo artifacts, different stevia products, many ready-to-eat dishes of Kangri Dham, Rose water, different pocket perfumes, tea based mouthwashes, natural hair oil etc. Then students visited remote sensing labs where they were made aware about how the problems of remote areas can be detected and solved with the help of satellites and drones. Next, they moved towards the herbariums at the institution. Then they saw different varieties of Hing, Rose, Saffron grown in their fields and polyhouses. They explained epigenetics in detail which actually regulates the expression of characteristics in plants. Then they visited molecular biology laboratory where they were studying the effect of different environmental factors on growth of plants specially in cases of seasonal plants. Lastly, they went to Plant tissue culture lab where they introduced students to Monk plant, Saffron, Hing, different species of Bamboo, Jatamansi etc. Dr. Rishab Joshi explained the importance of Plant tissue culture for conservation of endangered species like Jatamansi.

On day two of trip students collected plants from different areas of Palampur. They collected plant species belonging to bryophytes, pteridophytes, and flowering plants. They also interacted with the local residents and enquired about native flora of the region. Then the students moved to Dhauladhar Zoo, Gopalpur, Nature Park. On the way to nature park, students collected more plant species for herbarium collection. On reaching Dhauladar Zoo, Nature Park, they saw different

animals including Black Bear, Asiatic Lion, Leopard Gorals, Bhutan Grey Peacocks, Cheer Pheasants, barking Deer, Sambar, Leopard Cat and many more. On the way back students visited many tea gardens.

Mrs. Navgeet, Assistant professor and Head Department of Bio-Technology, Dr. Sandeep Kaur, Botany Department, Dr. Sandeep Singh, Botany Department, Ms. Latika Khosla, Biotechnology Department and Ms. Princy, Department of Biotechnology accompanied the students during the visit. Students enjoyed a lot and acquired scientific temperament and knowledge from this visit. Prof. Dr. Atima Sharma Dwivedi, Principal, Kanya Maha Vidyalaya, Jalandhar appreciated the faculty members for organizing such knowledge filled educational trips.

KMV organises an educational-cum-excursion trip to Palampur for the students

By admin | November 13, 2022

Jalandhar November 13 (Jaswinder Singh Azad)- Kanya Maha Vidyalaya (Autonomous) organised an educational-cum-excursion trip to Palampur for the students. The trip was organised by the Department of Biotechnology & Post Graduate Department of Botany. During this visit, students visited CSIR- Institute of Himalayan Bio resources and Technology, Palampur, also met Mr. Sahil and Dr. Vandana Jaiswal, Scientist, Molecular Fingerprinting and QTL Mapping. Students visited the Bamboo House, where they got information about various food items from rose, lavender etc. to oil, tea-wine, herbal and black tea.

Along with this, during the visit to the Remote Sensing Lab, the students also got informed about solving the problems of the backward areas with the help of satellites and drones. By going to herbariums where the students learned about poly house cultivation of asafoetida, rose, saffron etc. & at the same time, they also acquired information about epigenetic describing the characteristics of the plant. Apart from this, in the biology lab, after learning about the environmental effects in the growth of any plant, students also understood the working system of the tissue culture lab.

On the second day of the visit, the students collected various plant

On the second day of the visit, the students collected various plant species from different places of Palampur and interacted with the local residents about the trees and plants according to the seasonal cycle in the region. Apart from this, on the same day, the students also learned about the different species of animals and their living conditions during the visit to Dheuladhar Zoo & Nature Park. This educational tour, which was extremely exciting for the students, provided them with an opportunity to see the concepts of various subjects in the books being realised in practical form.

Principal Prof. Atima Sharma Dwivedi averred that such activities help the students to acquire important information with interest and also return to their classroom with full enthusiasm after an energetic break. Madam Principal lauded the efforts of Dr Sandeep Kaur, Mrs Navgeet Kaur, Dr Sandeep Singh, Mrs Princy and Ms Latika Khosla for successfully organising the trip.

An Educational trip to...CSIR-IHBT Palampur...on...04-Nov-2022.....

Name of the student...Mani...Class & Semester...B.Sc. BioTech...Roll No...224284.
Sem I

S.No	Questions	Remarks
1.	Did you participate in the trip organized by department? (Yes/No)	yes
2.	Did you find it informative?(Yes/No)	yes
3.	Did the trip enhanced your knowledge and skills in the field of Biotechnology?(Yes/No)	yes, too much
4.	What was your favorite part of the trip?	Firstly, The Bamboo house is so beautiful, so many handmade products are prepared, so, we know about more uses of bamboo.
5.	What skills did you learn from the trip?	we got to know, more about the biotech, like tissue culture, HPLC, Spectrom. And My most fav. one bamboo cultivation.
6.	What was your impression of the tour and do you have any suggestion for improvement?	It is so beautiful, and this educational trip help to learn more about our department. NO.

Subject: Request to visit Verka Milk Plant, Jalandhar.

Respected Madam,

This is to bring to your kind notice that Department of Bio-Technology is organizing industrial visit for students on 28-01-2023. The venue of the visit is Verka Milk Plant Jalandhar. There will be students of B.Sc. Bio-Technology II, IV and VI participating in this industrial visit. We need to reach there by 10:30 a.m. Please instruct the transport incharge to provide us bus for the above mentioned activity for approximately 30 students. Kindly allow us to visit Verka Milk Plant, Jalandhar. We need bus to be ready by 9:30 a.m.

Thanking you.

Yours sincerely,

Industrial visit

1. Date of program: 28-01-2023
2. Title/Theme of the Program: Industrial visit aiming to learn dairy industrial techniques at Verka Milk Plant, Jalandhar
3. Program for the benefit: Students learnt about the manufacturing, processing and packaging of milk and its various products.
4. Objective: To enhance the practical knowledge of students regarding dairy industry.
5. Total no. of participants: 27 (Including 03 faculty members)
6. Venue of the program: offline Mode: Verka Milk Plant, Jalandhar.

Summary:

An industrial visit has its own importance in the career of a student who is pursuing a professional degree. The Department of Bio-Technology organized an 'Educational-cum-excursion trip' to Verka Milk Plant, Jalandhar. This industrial visit has provided students with an opportunity to learn practically through interaction and has given them exposure to current work practices.

Ms. Jyoti, Staff member, Verka Milk Plant accompanied students and explained everything about the institute during the whole visit. Verka milk plant produces standardized and pasteurized milk, double toned milk, paneer, ghee, kheer curd, sweetened flavored milk, etc. The staff members told the students that all these products are marketed at the plant under the name "the Punjab State Co-operation Milk Producers Federation Ltd" under the brand name of 'Verka Milk Plant'.

At the start, students visited the Paneer manufacturing unit, milk and curd packaging section, kheer and butter/ ghee production unit. The students got the opportunity to explore the engineering section as well which is further divided into boiler section, refrigeration section and HTST (Hot Temperature for Short Time) treatment section. The students learnt about machines and latest processes utilized for milk treatment. Students also visited effluent treatment plant (ETP) where they learnt in detail about the waste water treatment process (WWTP). The students were made to learn the processes that are meant to treat the industrial waste water to make it pollution free material before its drainage. During the water treatment process, organic compounds are transformed into inorganic compounds with the help of biomass. The students also asked questions regarding the various manufacturing processes and their all doubts were cleared by the concerned staff members of Verka Milk Plant, Jalandhar.

Margaret

Dr. Sandeep Kaur Saggu, Ms. Latika Khosla and Ms. Princy, Department of Biotechnology accompanied the students during the visit. Students enjoyed a lot as well as acquired scientific knowledge from this visit. Prof. Dr. Atima Sharma Dwivedi, Principal, Kanya Maha Vidyalaya, Jalandhar appreciated the faculty members for organizing such knowledge filled industrial visits.

केएमवी की छात्राओं ने इंडस्ट्रियल विजिट की

जासं, जालंधर : केएमवी के बायोटेक्नोलाजी विभाग के विद्यार्थियों के लिए इंडस्ट्रियल विजिट का आयोजन किया गया। छात्राओं ने वेरका मिल्क प्लांट का दौरा कर दूध, दही, मक्खन आदि की प्रोसेसिंग, उत्पादन के बारे में जानकारी हासिल की। प्राचार्य प्रो. अतिमा शर्मा द्विवेदी ने इस टूर के लिए सराहना की।

के.एम.वी. द्वारा छात्राओं के लिए इंडस्ट्रियल विजिट का आयोजन छात्राओं ने किया वेरका मिल्क प्लांट का दौरा

संवाद न्यून/कुश
जालंधर, 12 फरवरी : भारत को विरासत में प्राप्त आद्य-वैदिक संस्कृति का महाविद्यालय के बायोटेक्नोलॉजी विभाग के द्वारा छात्राओं के लिए इंडस्ट्रियल विजिट का आयोजन करवाया गया। इसके अंतर्गत छात्राओं ने वेरका मिल्क प्लांट का दौरा किया। अपनी फरी के दौरान छात्राओं ने विभिन्न डेयरी उत्पादों जैसे दूध, दही, मक्खन, देसी घी, खीर आदि की प्रोसेसिंग, उत्पादन, पैकेजिंग आदि के बारे में विस्तार से जानकारी हासिल की।

प्लांट में कार्यरत वैदिक ज्योति ने छात्राओं को प्लांट के विभिन्न विभागों में ले जाकर वहां की कार्यप्रणाली के बारे में समझाया और साथ ही छात्राओं के विभिन्न सवाल के जवाब भी बेहद सरल ढंग से दिए।

इसके अलावा छात्राओं ने प्लांट में आधुनिक तकनीकों के उपयोग के साथ विभिन्न डेयरी उत्पादों के रख-रखाव के बारे में भी जानकारी हासिल की। इसके साथ ही उन्होंने खनिज संयोजन, रिक्रिजरेशन, दोषजन

एच.टी.एस.टी. (हॉट टैंपरेचर फार शॉर्ट टाइम) ट्रीटमेंट संयोजन आदि के बारे में भी जानकारी हासिल की।

विद्यालय प्रिंसिपल प्रो. अतिमा शर्मा द्विवेदी ने इस इंडस्ट्रियल टूर के सफल आयोजन के लिए बायोटेक्नोलॉजी विभाग की मेजबानी के द्वारा किए गए प्रयत्नों की प्रशंसा करते हुए कहा कि ऐसे आयोजन छात्राओं को विषय की महत्वपूर्ण जानकारी सरल ढंग से प्रदान करने में सहायक साबित होते हैं।

इंडस्ट्रियल विजिट के दौरान वेरका मिल्क प्लांट में शामिल के.एम.वी. के छात्राएं।

Press-Note

Exposure Visit

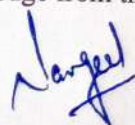

1. Date of program: 13-04-2023
2. Title/Theme of the Program: Exposure visit to National Agri-Food Biotechnology Institute, Mohali
3. Program for the benefit: Students learnt about the Agri-Food sector in India.
4. Objective: To enhance the practical knowledge of students regarding Agri-Biotechnology.
5. Total no. of participants: 24 (Including 02 faculty members) and 1 lab attendant
6. Venue of the program: offline Mode: NABI, Mohali.

Summary:

Mrs. Navgeet, Head and Assistant Professor, Department of Bio-Technology organized an exposure visit to National Agri-Biotechnology Institute (NABI), Mohali on 13-04-2023. This Exposure Visit has its own importance in the career of a student who is pursuing a professional degree, as it provides students an opportunity to learn practically through interaction with senior researchers and field scientists, and has given them an exposure to current scientific research work practices in Agri-Biotechnology.

National Agri-Food Biotechnology Institute, being the first Agri-Food Biotechnology Institute, established in India, aims at catalysing the transformation of the Agri-Food sector in India, and has the vision to be a nodal organization for knowledge generation and translational science leading to value-added products based on Agri-food biotech innovations. At NABI, students came to know about their main research focus of harnessing biotechnological tools in the area of agriculture biotechnology, food and nutritional biotechnology, so as to provide sustainable and novel solutions towards quality food and nutrition. Students got a chance to interact with Dr. Koushik Mazumder, Scientist E and Dr. Jay Hind Nishad, Senior technical assistant and learnt about the activities undertaken at NABI under different areas that includes Agricultural Biotechnology, Food and Nutritional Biotechnology, Human Resource Development, Meeting and Courses, and Technology Transfer and Outreach.

Dr. Sandeep Kaur Saggu and Ms. Princy, Department of Bio-Technology accompanied the students during the visit. Students enjoyed a lot as well as acquired scientific knowledge from this

visit. Prof. Dr. Atima Sharma Dwivedi, Principal, Kanya Maha Vidyalaya, Jalandhar appreciated the faculty members for organizing such knowledge filled exposure visits.

An Educational trip to.....NABI.....on.....13/4/23.....

Name of the student.....Nikita.....Class & Semester.....BSC BT IV.....Roll No.....224330.....

S.No	Questions	Remarks
1.	Did you participate in the trip organized by department? (Yes/No)	Yes
2.	Did you find it informative?(Yes/No)	Yes
3.	Did the trip enhanced your knowledge and skills in the field of Biotechnology?(Yes/No)	Yes
4.	What was your favorite part of the trip?	Bioinformatic lab.
5.	What skills did you learn from the trip?	modification of crops with relation of defecancy
6.	What was your impression of the tour and do you have any suggestion for improvement?	No suggestion It was good
