

Department of Chemistry
2022-23

<u>Sl. NO.</u>	<u>Month</u>	<u>Date</u>	<u>Workshop</u>
1.	October	21. Oct. 2022	National Workshop on Greener Safer Labs

Kanya Maha Vidyalaya,
Jalandhar

Respected Madam,

It is for your kind information
that PG Department of Chemistry is
organising National level Workshop on
Greener & Safer Chemistry Labs online
on 21st October 2022. Dr. Sonia Ratnani,
Associate Professor, Dept. of Chemistry, Kanyas
College, University of Delhi will be
Resource person. Kindly allow us to
organise the same and sanction honorarium
as per rules. Bank detail is attached herewith.
Thanking you

Yours Sincerely

Manju Sahni

(PG Department of Chemistry)

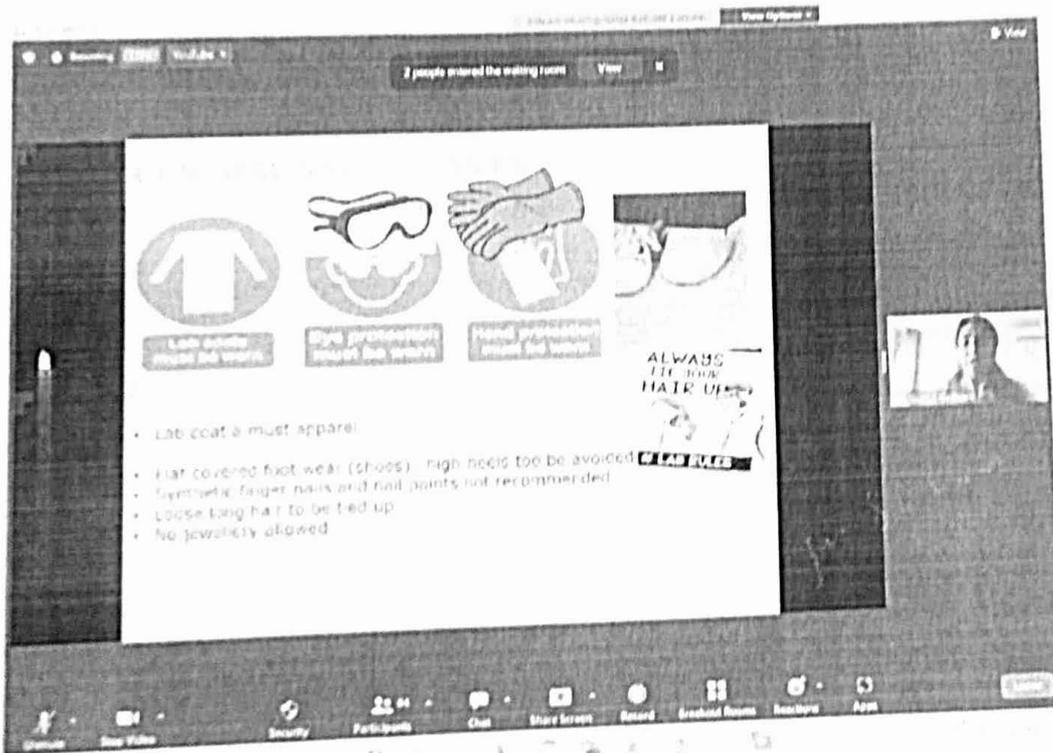

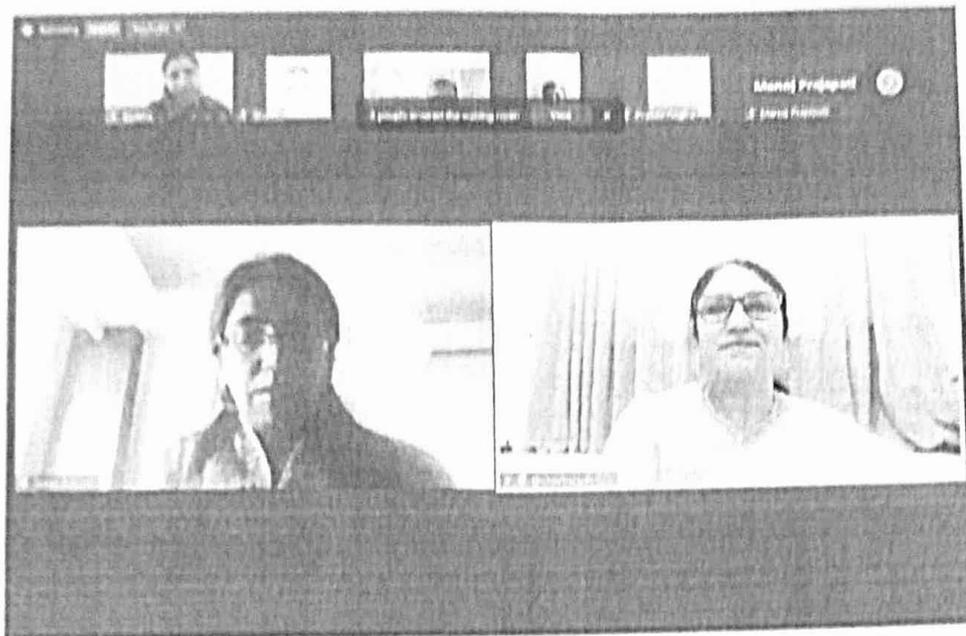

Date
26.9.22

Press Note

PG Department of Chemistry, Kanya Maha Vidyalaya- the Heritage and Autonomous Institution, Jalandhar, under the aegis of CURIE grant has organised national level workshop on "Innovative approach to greener and safer labs" dated on 21st October, 2022. 650 participants from different institution across the country have attended the extension lecture delivered by Dr. Sonia Ratnani, Associate Professor in Dept. of Chemistry, Ramjas College, University of Delhi. Green Chemistry is at the frontiers of this continuously-evolving interdisciplinary to reduce the environmental impact of the chemical enterprise by developing a technology base that is inherently non-toxic to living things and the environment. The aim of this workshop was to discuss the innovative aspects and latest modification to do chemistry practical with greener and safer approach. Dr. Sonia has discussed that lab experiments should involve the use of alternative reagents which are not only eco-friendly but also be easily available at very cheap price. They should not preferably involve the use of organic solvents. All organic chemistry experiments should preferably be conducted in semi-micro or micro-scale. Experiments should avoid tedious experimental procedure like longer reaction time, reaction at high temperature etc and should be executed by considering all safety measures. On a conclusive remark, she said that green chemistry experiments are introduced not to drastically replace the conventional ones rather they are considered complementary to the existing protocols. This not only provides a wider view of various techniques but also imbibes inquest in innovative minds for future development. Wherever possible and feasible, the conventional process should be replaced with the greener ones to transmit the message of this issue. Principal Prof. (Dr.) Atima Sharma Dwivedi applauded the efforts taken by the Faculty of PG Department of Chemistry for conducting such workshops which has great impact on the health and environmental safety of community.
