

Darshana and Arun Varshneya Excellence in Glass Science Stipends

- Awarded to students entering junior or senior level
- Glass science concentration
- Cover up to 100% of the annual fees; Tuition awards can be partial

Need-basis:

Selection Committee will determine the financial need of an applicant. An awardee may seek outside employment for experience, however, such employment should not be at the expense of academic progress (see below).

Minimum standards requirement:

Minimum standards are those of the KMV College admissions office. However, the recipient must show steady improvement in academic grades or positive recommendation of the glass science faculty each semester for the continuation of the stipend.

Selection Committee:

Comprises Principal (chair) plus two physics dept faculty plus one from a performing arts dept of the KMV College.
