- i. Because of severe storm in the area, our plane was three hours late taking off.
- ii. A lack of rain is creating problems for farmers. Their crops are not growing well.
- iii. Some human diseases have been associated with chemicals in the environment.

- iv. On account of the bad weather, the baseball game has been cancelled.
- v. A great deal of pollution is caused by power plants that produce electricity by burning coal.
- vi. In the 1990s, world oil prices fell and stayed low. This brought about an improvement in the economies of countries that import oil.
- vii. Two months ago, a large factory closed down. This resulted in fifteen hundred people losing their jobs.
- viii. The prices of new cars are forcing many people to keep their old cars longer than they used to.

(1x8=8)

6. Write the synonyms of the following:

- i. Enough
- ii. To have sufficient money
- iii. Happening often
- iv. Frequent
- v. Having a good reason
- vi. Worldwide
- vii. Very dangerous
- viii. To determine the truth about something

(1x8=8)

Section-D

**Increased, flow, issue, hardships, declined,
committed, policy, diversity, likely, attitude**

7. Complete the sentences with words from the list:

- i. Before 1840, the population of Ireland had reached over 8 million. Then it _____ rapidly and by 1890 it was only 5 million.
- ii. The weak economy will be an important _____ in the next election.
- iii. One feature of Indian society is the _____ of languages that are spoken there. The country has more than 1600 different languages.
- iv. In 1985, the World health Organization _____ itself to eliminating polio in the Americas.
- v. The immigration _____ of the United States changed during the twentieth century. Until 1963, it favoured Europeans, but then it became fairer and more open.
- vi. If public support for the present government continues to fall, it is _____ to lose the election next year.
- vii. Life in America had its own _____ for Irish immigrants in the 1850s. Because of anti-Irish prejudice, they had difficulties getting good jobs.

8. In the following sentences, find the view markers, contrast markers, assessment markers and the opinions:

- i. People who watch a great deal of T.V. tend to perceive the world as more violent than it really is.
- ii. At the end of their analysis, the authors conclude that political oppression is increasing in some parts of the world.
- iii. Some years ago, it was argued, usually by Western experts, that overpopulation in developing nations was one of the main causes of widespread poverty. According to more recent studies, however, this analysis of the relationship between poverty and overpopulation is seriously flawed.
- iv. There is a tendency among nonexperts to regard primary health care in developing countries as exclusively for the prevention of disease. Yet a closer look at specific programs offers evidence to correct this common misperception.
- v. There is a widespread belief that cardiovascular disease is a problem only in affluent societies and that it attacks mostly men. Studies from the 1990s, however, provide evidence that this view of CVD is no longer valid.
- vi. The researchers argue that much more information is needed before anyone can adequately describe how people adjust to life in a new culture.

- vii. The fact that some first-generation immigrants continue to speak their first languages might suggest that these immigrants and their families are unwilling to become a full part of their new society. Studies by social scientists, on the other hand, cast doubt on the validity of this conclusion.
- viii. Among Americans, a common perception is that most immigrants enter the United States illegally.

Semester-I

Course Title: Descriptive Statistics for Business

Course Code: FCOL-1173 ✓

Time Allowed: 3 Hours

Max Marks: 80

Candidates are required to attempt five questions selecting at least one question from each Section. The fifth question may be attempted from any section. Each question carries 16 marks.

Section-A

- 1. Discuss the various types of data and their applications in economics and business**
- 2. a) Distinguish between sampling error and sampling bias**
b) Distinguish between numerical and categorical variables

Section -B

3. The following data show the preference of students regarding cosmetics such as Revlon (R), Lakme(L), Mac (M) and Colourbar (C)

R R L M C L L M C M C L L R R
M L C C M M L L M M C L L M R

Construct a frequency distribution and a relative frequency distribution

b) A Bar Chart

c) A Pie-chart

4. Consider the following data regarding the marks of students

35 25 45 42 44 48 35 32 45 22 57
37 38 29 25 37 43 16 18 17 21 39
36 31 41 43 49 48 36 39 55 51 14
42

a) Construct a frequency distribution

b) Draw a histogram and a frequency curve

Section-C

5. Find out the Median and Mode

Size	1-10	11-20	21-30	31-40	41-50	51-60
Frequency	6	11	10	13	12	8

6. a) Calculate the standard deviation and coefficient of variations from the following data

X	0-10	10-20	20-30	30-40	40-50	50-60
F	6	5	7	10	8	4

b) Discuss merits and demerits of mean deviation.

Section -D

7. a) From the following data, find regression coefficients

Age of Husband	18	19	20	21	22	23	24	25	26
Age of Wife	16	16	17	17	18	18	18	19	20

a) Explain the properties of the correlation coefficient

8. a) Find out skewness from the following data

Marks	0-10	0-20	0-30	0-40	0-50	0-60	0-70
No. of students	4	9	15	24	30	36	40

b) write a short note on Kurtosis
